Derry Business Builders (DBB) is a group of business professionals that get together on Thursday mornings with open networking from 8:15 to 8:30 and meeting from 8:30 to 9:30. This group is Industry Exclusive and only allows one member per category. Our goal is to help promote and build the business of others while putting some polish on our business presentations. The common element among the group is that we all follow the same "heart-centered" philosophy of doing the right thing for our customers and our business partners. It's not just about the money.

We also have a philanthropic philosophy and donate the majority of our membership monies to local charities.

Weekly attendance is expected. By submitting this application you are confident you will attend weekly meeting or send a substitute.

One absence per month is permitted. Submission of application will be review by our membership for approval.

Membership Fee: \$35/month
